

# EMC {code}

Community Onramp for  
Developer Enablement

"CODE OPEN, DEPLOY EVERYWHERE" - EMC believes in open source.  
CODE is here to share and collaborate with developers worldwide.

## HELLO WORLD

Do you struggle to make a commitment with your open source projects? Not sure where to meet other coders with similar interests? If so, we're here to help! EMC {code} projects are now on Tinder, so you can easily swipe left or right on your favorite projects. Don't be afraid, make a commitment today. It's simple and free. Just visit the site - [Tinder For EMC {code}](#).

We hope you'll enjoy this newsletter. We'll do our best to distill, aggregate and share news related to the {code} community and industry happenings. We'll provide the content, but we need your feedback. You can always reach us at [emccode-newsletter@emc.com](mailto:emccode-newsletter@emc.com)

### One month til DevOps @ EMC World!

The odds are in your favor if you're headed to Las Vegas for EMC World. Or if you just need a good excuse to come to EMC World-or heck, to come to Las Vegas for a while. Here's what's in store:

#### DevOps @ EMC World:

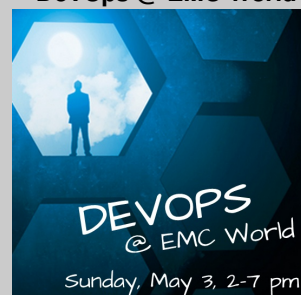

**[Open to the Public]** On Sunday, May 3rd from 2-7pm, EMC {code} is hosting a completely **free** event for EMC World attendees, local community members, and anyone who is interested in learning more about what DevOps means, what tools and processes make it successful, and how leading companies have successfully transformed. There will be speakers from Dropbox, LinkedIn, Moogsoft, EMC, Intel and more. We know it can be a long journey to Vegas, so we're

Want to see all the upcoming events? Add the [EMC CODE Events](#) [Google Calendar](#)

offering luggage storage and cold beers, sodas, and snacks on us. [REGISTER HERE](#)

### DevOps Breakout Sessions:

**[Open to EMC World pass holders]** Throughout the week, there will be breakout sessions on DevOps and Next-Gen applications, highlights include: "Containers vs. VMs," "The DevOps Toolkit," "DevOps is a Re-Org, How to Accelerate the Change" and a handful of others. [Check them out and hope to see you there.](#)

### Open @ EMC World

**[Open to EMC World pass holders]** EMC {code} will be part of the Open @ EMC World area along with some neat partners: Mirantis, HortonWorks, Puppet, Splunk, and Cloudera, to name a few. Come by to talk to some smart people from these companies, say hi to EMC {code} or just unwind with a really good cup of coffee, comfortable seating, and plenty of space to charge your devices.

### If you can't make it this year...

What happens in Vegas, will probably end up on GitHub. So if you're not able to make the event, we'll make sure you can consume as much of the content as possible from the comfort of your own office, home, mom's basement, man cave, woman cave, etc.

Let us know if you're coming! Send a tweet to [@EMCcode](#) and we'll see you there!

### Meet #DevHigh5 Winner, Evan Battle!

Introducing #DevHigh5 Winner, Evan Battle

One of our first #DevHigh5s, Evan Battle wanted to simplify snapshots with XtremIO.

Chad Sakac says it best in [his original blog post on EMC {code}](#):

"Evan Battle is a great Sr. SE in the US who wanted to build an automated way of managing the awesome new XtremIO snapshot functions in the 3.x codebase, and didn't wait to ask :-)

His code example, XtremIOSnap creates and maintains

## DevOps @ EMC World May 3, 2-7pm

LAS VEGAS, NV

Join EMC {code}, local meetup organizations, and peers to learn, network and grab a drink (on us) before EMC World. Free training includes: Infrastructure-as-code, Transforming for DevOps, and 101-level topics (Docker, CI/CD, CloudFoundry).

[Register for your free pass here](#)

### KYOSS Meetup

LOUISVILLE, KY

Get your open source fix in with the KYOSS meetup, hosted by EMC. Call for topics still open!

[Sign up here](#)

### OVERHEARD

***"@ jbeardsley: Interesting analysis. Wonder what the percentages would be for @DevOps\_BobRoss? #happyclouds http://t.co/SGLYibshnC "***

XtremIO snapshots using the REST API. XtremIOSnap also provides a working example of interacting with the XtremIO API."

Thanks for your contributions, Evan! You can find Evan on [GitHub](#) and [Twitter](#).
