

EMC {code}

Community Onramp for
Developer Enablement

"CODE OPEN, DEPLOY EVERYWHERE" - EMC believes in open source.
CODE is here to share and collaborate with developers worldwide.

HELLO WORLD

A few weeks ago, our team spent some time in the [Cloudscaling](#) offices in San Francisco to plan for the second half of the year. It might be the lazy, hazy days of summer, but {code} is moving faster than ever. We have some great projects, events, and plans coming up for the community over the next months. [Check out our events calendar](#) to see where we'll be during the back half of 2015, and make sure to keep your eye on the newsletter for info on new EMC {code} projects.

We hope you'll enjoy this newsletter. We'll do our best to distill, aggregate and share news related to the {code} community and industry happenings. We'll provide the content, but we need your feedback. You can always reach us at emccode-newsletter@emc.com

**EMC {code} is a sponsor at LinuxCon,
ContainerCon and CloudOpen in Seattle**

The week of August 17th-21st brings a quadfecta of great OSS conferences to the Seattle area. Mark your calendars: EMC {code} will be an official sponsor of the simultaneous [LinuxCon](#), [ContainerCon](#) and [CloudOpen](#). MesosCon kicks off during the second half of the week, too.

GopherCon

DENVER, CO

July 7-10

Three days of talk, events,

While we're there, we'll be sharing some of the projects we're working on and spending time meeting community members.

Save the Date:

On Wednesday, August 19th, EMC {code} will be hosting a Hackathon. Prizes and details to be determined, but rest assured, they will be awesome.

[Interested in joining? Sign up for these events at the Linux Foundation Events Website](#)

Go, Go, Go!

This week, in beautiful Denver, CO, a handful of EMC {code} team members are attending [#GopherCon](#), an event focused on the Go programming language. Go, created by Google, has exploded in popularity and is used in production by some big names like Docker, Dropbox, SoundCloud, SendGrid and more.

We'll be attending sessions all week and participating in the Friday hackathon-- come say hi if you're at GopherCon this week.

EMC {code} at OSCON 2015

PORTLAND, OR

July 20-24

EMC {code} will be at OSCON this year-- *the* conference for all things open source: technology, community and everything in between. Jonas and Kate will be delivering a session on community management and creating dashboards through keen.io.

[Register for your spot at OSCON!](#)

EMC {code} at ContainerCon, CloudOpen and LinuxCon

SEATTLE, WA

August 17-21

EMC {code} will have a booth presence and hackathon during this busy week in Seattle.
