

EMC {code}

Community Onramp for
Developer Enablement

"CODE OPEN, DEPLOY EVERYWHERE" - EMC believes in open source.
CODE is here to share and collaborate with developers worldwide.

HELLO WORLD

You can count on Seattle, WA to be gorgeous in the Summer months and to have an abundance of local coffee shops. From local micro-roasters to large coffee shops this city has your coffee needs. As the team arrives in Seattle to witness the start of Summer and DockerCon we expect great things. We can't wait to share the outcomes with you!

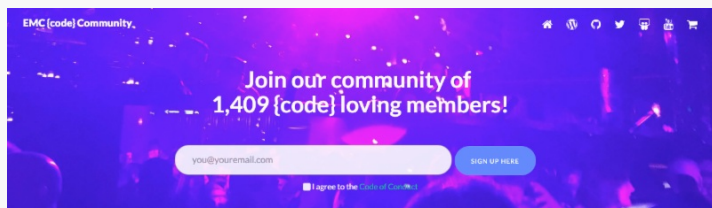

We'll continue to distill, aggregate and share news related to the EMC {code} Community and industry happenings. We'll provide the content, but we need your feedback. You can always reach us at emccode@emc.com.

code.community

The {code} Community Gets a New Look

The {code} Community continues to grow and of course that means we need to continue to make changes. [Jonas Rosland](#) has taken this opportunity to make changes to the {code} Community website and give it a fresh new look! We've added information and links to our community programs, goals, code of conduct, training and more.

Take a little time to peruse [the revamped site](#) and don't forget to invite your friends to join. Let us know if you have any feedback!

code.team

Four Days to DockerCon

We are stoked to see some of our partners at DockerCon this year and many of whom joined us at EMC World! You may even recognize a few of the names: [Avi Networks](#), [Docker](#)

code.join

DockerCon

June 20-21
Seattle, WA

Visit the [code.team section](#) for more about what the team is up to at DockerCon this year and if you haven't registered it's not too late to [join the waitlist for DockerCon](#).

StackWorld

June 27-28
San Francisco, CA

[Joshua Bernstein](#) (VP of Technology, ETD of EMC) will be a keynote speaker at StackWorld 2016 on Tuesday, June 28th at 11AM PT.

Click here to [register for StackWorld](#).

(obviously), [Mesosphere](#), [Rancher](#) and so many more. Come join us on the Expo Hall floor and don't forget to stop by these three sessions that are sure to be hot topics throughout the halls of DockerCon:

- **Monday:** [Joshua Bernstein](#) (VP of Technology, EMC) will be speaking on Monday, June 20 at 2:55PM in Rooms 618-620 on "[Data Persistence in the New Container World by EMC](#)."
- **Tuesday:** [Jonas Rosland](#) (Developer Advocate) will be speaking at 11:15AM in Room 609 on "[Open Source is Good for both Business and Humanity](#)."
- **Tuesday:** [Kenny Coleman](#) (Developer Advocate) will be speaking at 1:30PM in Rooms 618-620 on "[Highly Available Persistent Applications in Containers](#)."
