HELLO WORLD

The {code} team is going to be busy in the next coming weeks-- tomorrow we're heading to ContainerDays in NYC, next week Web Summit in Dublin, LISA in DC, and DockerCon in Barcelona. Let us know if you'll be out and about at any of these events, we'd love to meet you!

We hope you'll enjoy this newsletter. We'll do our best to distill, aggregate and share news related to the {code} community and industry happenings.We'll provide the content, but we need your feedback. You can always reach us at emccode-newsletter@emc.com.

code.community

Playing with Chef

{code} community member Ryan Clair put together a great post on his blog, detailing his experiences learning about and running Chef.

The post includes architecture, setup, creating cookbooks, using Knife and more. Thanks for sharing your experience, Ryan!

EMC {code} at ContainerDays NYC

NEW YORK, NY

October 29-30

EMC {code} is the silver sponsor at ContainerDays NYC, the two-day event

Web Summit kicks off next week in Dublin, and EMC & Pivotal have a couple of great activities happening:

Docker & EMC {code} Tutorial, 11/4 at 1pm, in the Workshops Area. EMC {code} is teaming up with Docker to deliver a tutorial session. The event is free for all Web Summit attendees and will cover how to run your first Docker container, networking and deploying applications with Docker. We'll also get into some more advanced data persistence use cases with EMC {code}'s REX-Ray.Every attendee will receive a Dublin Pass, which gives you access to the Guiness/Jameson factories, and many more historical sites! EMC {code} and Docker Tutorial Registration

IOT Roundtable, 11/4 at 10:35am If you are interested in IoT you will not want to miss EMC's Ed Walsh, Dr. Said Tabet and GE's Dr. Joe Salvo on the Machine Summit stage. Come hear how top companies like GE and their customers are gaining value from successful Internet of Things implementations. The panelists will discuss the new collaborations these projects require including one of the most successful, Project Infinite with the Cork Institute of Technology.
